VASILII ANDREEV

CIVIL & STRUCTURAL ENGINEER

Saint Petersburg, Russia | vasiliiandrv@gmail.com
vaasiilii.github.io | ORCID 0009-0003-0270-9355

PROFESSIONAL PROFILE

Civil and structural engineer with practical design and structural assessment experience since April 2022. Work spans industrial and civil buildings, steel and reinforced-concrete elements, field inspections and verification of existing structures.

PROFESSIONAL EXPERIENCE

URBAN LLC / Structural Design Engineer

2022 - present

- Progressed from Technician (2022-2024) to Structural Design Engineer, Category III (2024-2026) and Category I (2026-present).
- Structural analysis and design of steel and reinforced-concrete structures for industrial and civil facilities.
- Visual and instrumental inspections; dimensional and geodetic surveys; defect mapping and non-destructive assessment.
- Field-data processing, verification calculations, structural-condition assessments and repair or strengthening solutions.
- Design and construction documentation in AutoCAD, Revit and Tekla Structures; coordination with architectural and building-services disciplines.

SELECTED COMPETENCIES

- Structural engineering: design checks, finite-element modelling, verification of existing structures.
- Practical investigations: inspections, measurements, condition assessment, reporting.
- Technical delivery: calculation notes, drawings, interdisciplinary coordination, supporting expertise reviews.

TECHNICAL SOFTWARE

STRUCTURAL ANALYSIS

SOFiSTiK; LIRA-SAPR; SCAD Office; introductory PLAXIS 2D

CAD AND BIM

AutoCAD; Revit; Tekla Structures; Civil 3D

EDUCATION

Specialist Degree in Civil & Structural Engineering, with Honours

2020 - 2026

Saint Petersburg State University of Architecture and Civil Engineering (SPbGASU). Major: Construction of Bridges and Tunnels. Six-year programme, 360 ECTS; ISCED Level 7. GPA 4.93/5.00.

Professional Retraining: Programming for BIM Platforms

2024 - 2025

Peter the Great St. Petersburg Polytechnic University. Qualification: Programmer.

Professional Retraining: Professional Translation

2020 - 2022

SPbGASU. Professional English and technical translation in construction.

RESEARCH AND COMPLEMENTARY EXPERIENCE

Postgraduate studies in Construction Technology and Management at SPbGASU (2026-present). Research interests include lifecycle management, digital twins and condition assessment for bridge infrastructure.

Research experience includes development of lifecycle-management assessment methods and application to bridge infrastructure, including the Alarchin Bridge case study.

LANGUAGES

Russian - native | English - B2 (self-assessed) | German - A2
